IT'S TIME TO UNLEASH THE POTENTIAL OF CLEAN ENERGY

CONGRESS & MR. PRESIDENT:

You have heard support from across our nation for jobs and investment in the clean energy technology industries including a bipartisan call for timely action by 51 Governors.¹

Now is the last, best chance to pass bipartisan legislation to extend the renewable energy and energy efficiency tax incentives.

IT'S THE RIGHT THING TO DO FOR U.S. JOB GROWTH, FAMILIES, THE ECONOMY & THE ENVIRONMENT.
