

NEXT GENERATION Empowering the **Next** Generation of USW Leaders

Brothers & Sisters:

District 13 would like to introduce each local to Next Generation! At the 2011 USW International Constitutional Convention, the resolution was adopted to develop the Next Generation.

Jennifer Irvin and Brandi Sanders are the coordinators for the district. They will be reaching out to each local in the coming months to identify and recruit young workers, volunteers, and mentors to establish a cross-functional team to educate and develop the next generation of leaders and activists at each local.

As local teams are established there will be more information, actions, and training. The coordinators look forward to working with you and your locals. If you have any questions feel free to contact them, and join the group:
