

District 13

Ruben Garza
District Director

John H. Link, Jr.
Assistant to the Director

October 6, 2014

Dear Brothers and Sisters,

The November 4, 2014 Elections are fast approaching. I am asking that all of you across District 13 join with me in a show of solidarity by having you, your Local, and all of the members we represent participate in a **"District Wide Sticker Day"**. That day will be November 3, 2014 and by doing this we can help remind each other, our families and friends to get out and go vote.

Our vote is important and our collective voice at the polling booths will continue to send the message to our elected officials whomever they may be that UNION MEMBERS vote. There is also an added benefit especially in our District where we will be going into our National Oil Bargaining and that is to show the companies where we work that we stand together and can come together for a common purpose whether that is Voting on November 4, or standing together in solidarity to collectively bargain for a better contract and working conditions to insure the standard of living we all have as Dues Paying Union Members.

Please join with me in making our District Wide Sticker Day a success.

Any Local who has not requested the quantity needed for their Local can contact their Rapid Response Coordinators or the District Rapid Response Coordinator Andy Frye or the District Office in Baytown, Texas.
