Fr. Glenn Whitman
Pastor, St. Joseph R.C. Church

Joe Flecher
POPC Executive Director

A Note of Thanks to NLMK!

Just a very quick note of appreciation for all those at **NLMK Pennsylvania** who have chosen to participate in the 50/50 Raffle program held throughout the year to benefit local nonprofit agencies such as our Center. A special thanks to Terry Day for running the raffles!

Prince of Peace Center strives to help those local folks struggling in the move from poverty and despair toward lives filled with hope and self-sufficiency. We do offer programs and services that meet basic needs such as food and clothing – but also, and maybe more importantly, we offer programs that teach life skills, provide dedicated guidance to single parents, and offer realistic access to education and work preparation. These programs can and do bring about permanent change in the lives of those we are able to serve. This year we will use the monies to help facilitate our **Soup Kitchen/ Community Meals** – we currently average more than 75 folks who eat there twice per week!

We obviously value occasions when those who are able to observe the need in others will also offer assistance to and for them – and we greatly respect that your group has entrusted us with your contribution. We will use the **\$4,000.00 donated gift** (Thanks much for the increase by \$1,000) from your group to augment our Emergency Services supports.

Many will be assisted because you choose to care about others!

Merry Christmas,

Joe Flecher
Executive Director
